

Buckland Storage and Kiwi Sheds – providing secure storage and workshop space

Steven Allen of Buckland Storage has known Rob Gauld of Kiwi Sheds “for years” and knows Rob and his team will happily come up with a formula to fulfil his shedding plans.

Steve’s latest shed provides 30 further storage units to add to the others situated at Buckland Storage. The 7x3m and 3x3m units are available for rent from \$50 and \$30 a week and are designed to provide secure storage.

Steve bought the former 2 Hectare Serco yard at 518 Buckland Road five years ago, initially as a depot for transport industries. The yard needed a major clean-up. “It was a real bombsite, with around 100 derelict cars dumped,” says Steve.

It became clear to Steve that the yard could be expanded to include premises for “start-ups,” small businesses and workshops for hobbyists.

“Rob built 50 small workshops for me and from this came a clear symbiotic need to supply secure storage facilities as well. I’m absolutely amazed at the variety of storage goods – house lots of furniture are very popular, but there seems to be no formula,” says Steve.

Steve has built factories in Auckland

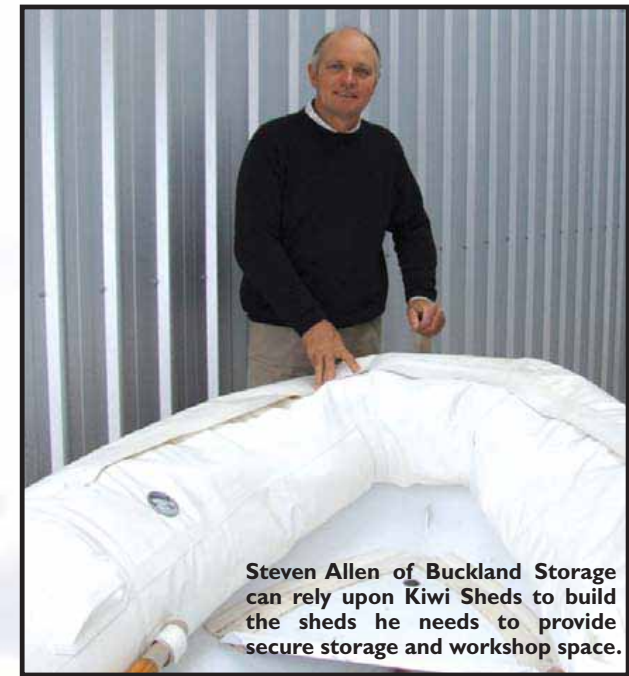

and knows he can rely on Kiwi Sheds to deliver an efficient and professional service.

“We do a project a year together and Rob’s turn-key operation is ideal. I tell him what I have in mind, he quotes, and all I have to do is take delivery,” says Steve. “He’s very professional, so you know you’re going to get what you’ve ordered.”

Steve says he loves coming to Pukekohe and talking to the business people and hobbyists on the courtyard at Buckland Storage. The area has developed into quite a community.

A further Kiwi Shed of 20 units will be constructed at Buckland Storage soon, with 20 units available after Christmas.

Buckland Storage has parking for caravans, campervans, boats, trucks and buses, containers for rent from \$35.00 p/w and powered workshops from \$75.00p/w. Looking for secure premises or storage facilities? Call Steve on 0800 215 754 – Buckland Storage and Kiwi Sheds have what you need.
