

“Kiwi Sheds always comes through”

Dave Parker of Ramarama is happy to recommend Kiwi Sheds to anyone looking for a new shed.

“The people there have always been very good to us – they always come through,” says Dave.

Dave is a big fan of American classic cars and has 14 of these stored in his latest Kiwi Shed – four Buicks, two Fords, a Model T, Rambler, two Plymouths, a Chrysler, plus a Zodiac Mk111, an MGB, and old Essex and three tractors.

“This latest 18m x 17m 306sqm shed is the third Kiwi Shed I’ve put on the property, plus extensions to another one,” says Dave.

“Whenever I want something that’s different, I just tell Kiwi Sheds what I want and they organise it, especially with the extension.

“I started off with one shed on my property that was too small and would only fit one or two cars – now I can get about five in and have a mezzanine floor – altogether I have undercover parking for 32 cars.”

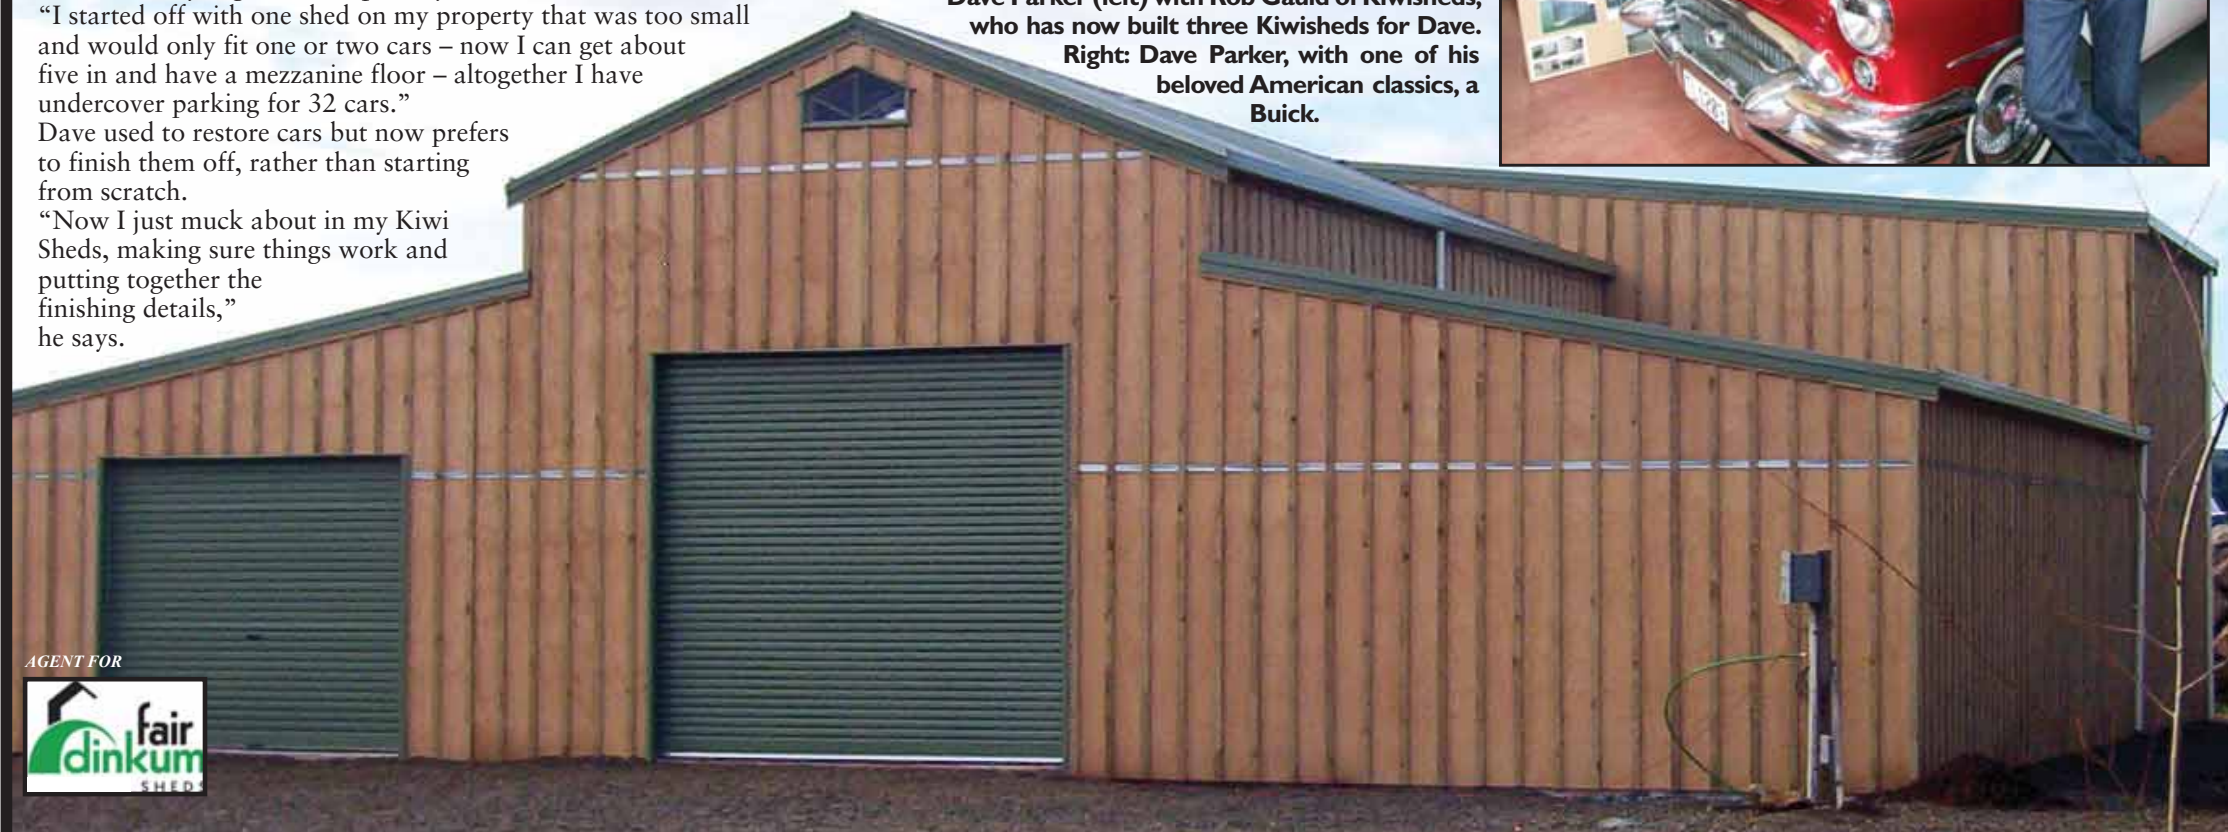

Dave used to restore cars but now prefers to finish them off, rather than starting from scratch.

“Now I just muck about in my Kiwi Sheds, making sure things work and putting together the finishing details,” he says.
